The Dressmaking courses are perfect for the person who wishes to learn how to use a commercial pattern. Ideal for beginners to advanced, young or mature.

No previous experience is required. Teaching is by individual attention within a classroom environment to cater for different skill levels from beginners to advanced. Beginners are advised to choose a simple pattern of a skirt, trousers or simple dress to enable them to learn basic sewing techniques, while students at a more advanced level may choose a more complicated pattern e.g; suit or coat.

This course is suitable for beginners and the more advanced student as classes are small. Please note that courses require materials.
